

A. BEHAVIOURAL POLICY

1. Purpose

Don Bosco School and Junior College is committed to providing a safe, respectful and disciplined learning environment for students and staff. It is a haven where students have opportunities to engage in quality learning experiences and acquire values supportive of their life long well being

This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

2. Consultation and Data Review

The school has developed plan in consultation and collaboration with the school community comprising of parents, staff and students during the meetings held in the last few years.

3. Learning and Behaviour Statement

All areas of Don Bosco School and Junior College are conducive learning and teaching environments. We consider behaviour management to be an opportunity for valuable social learning as well as a means of maximising the success of academic programmes.

This Responsible Behaviour Plan outlines our system for facilitating positive behaviours, preventing problem behaviours and responding to unacceptable behaviours. We explain shared expectations for student behaviour through this plan to everyone. It assists Don Bosco School and Junior College to create and maintain a positive and productive learning and teaching environment, where **ALL** community members have clear and consistent expectations and understandings of their role in the educational process.

We have identified the following school wide expectations to promote high standards of responsible behaviour:

- Be safe
- Be responsible
- Be respectful.

The school rules have been agreed upon and endorsed by the entire staff and the management on the basis of the aforementioned expectations. They are aligned with the values, principles and expected standards outlined in Don Bosco's Preventive system of Education.

4. Processes for Facilitating Standards of Positive Behaviour and Responding to Unacceptable Behaviour

UNIVERSAL BEHAVIOUR SUPPORT

1. The first step in facilitating standards of positive behaviour is communicating those standards to all the students. At Don Bosco School and Junior College, we emphasise the importance of directly teaching students the behaviours, we want them to demonstrate at school.
2. Communicating behavioural expectations is a form of Universal Behaviour Support, a strategy directed towards all the students, designed to prevent problem behaviour and provide a framework for responding to unacceptable behaviour.
3. The School wide expectation teaching matrix below outlines our agreed rules and specific behavioural expectations in all school settings.
4. These expectations are communicated to students via a number of strategies, including: Behaviour lessons conducted by classroom teachers.

5. Consequences for Unacceptable Behaviour

Don Bosco School and Junior College makes systematic efforts to prevent problem student behaviour by teaching and reinforcing expected behaviours on an ongoing basis. When unacceptable behaviour occurs, students experience predictable consequences. Our school seeks to ensure that responses to unacceptable behaviour are consistent and proportionate to the nature of the behaviour. The school records all minor and major problem behaviours,

Minor and Major Behaviours

When responding to problem behaviour a staff member first determines if the problem behaviour is major or minor, with the following agreed understanding:

1. Minor problem behaviour is handled by staff members at the time it happens.
2. Major problem behaviour is referred directly to the school Administration team.

MINOR behaviours are those that:

- are minor breaches of the school rules,
- do not seriously harm others or cause you to suspect that the student may be harmed,
- do not violate the rights of others in any other serious way, are not part of a pattern of problem behaviours,
- do not require involvement of Specialist support staff or Administration.

Minor problem behaviours may result in the following consequences :

The staff member takes the student aside and:

1. Names the behaviour that student is displaying,
2. Asks student to name expected school behaviour,
3. States and explains expected school behaviour if necessary,
4. Gives positive verbal acknowledgement for expected school behaviour,
5. If problem behaviour occurs for more than 3 times, a record is made in the Handbook.

A Minor consequence logically connected to the problem behaviour are

1. Removal from an activity or event for a specified period of time,
2. Individual meeting with the student and asking for an apology,
3. Detention for work not completed.

MAJOR behaviours are those that:

- Repetition of the all minor problems without any improvement even after facing the required consequences,
- Those that significantly violate the rights of others,
- Those that put others / self at risk of harm,
- Require the involvement of school Administration

Major problem behaviours may result in the following consequences :

- 1. An immediate referral to the Administration / Counselling because of their seriousness,
- 2. When major problem behaviour occurs, staff members calmly state the major problem behaviour and remind the student of expected school behaviour.

Major problem behaviours may also result in the following consequences:

Level One : Parent contact,

- Level Two:
- 1. Referral to Intensive Behaviour Support Team,
 - 2. Referral to Counselling,
 - 3. Suspension from school.

Students who engage in very serious problem behaviours such as major violent physical assault, or the use or supply of weapons or drugs can expect to be recommended for exclusion from school following an immediate period of suspension

B. STRATEGIES FOR DEALING WITH UNACCEPTABLE BEHAVIOUR :

Disruptive classroom behaviour is attended to at different levels / stages:

1. At the very first stage, the teacher challenges the behaviour of the student and reasons with the student the behaviour vis-a-vis the rules. An immediate recourse to negative remark will be avoided at all cost.
2. If the disruptive behaviour continues for some time, the teacher records the incident, gives a constructive assignment that may help remedy the situation.
3. If the disruptive behaviour persists, or returns after sometime, and the teacher realizes that his / her plan of action is ineffective, the parent is informed. The teacher then devises a plan to improve the pupil’s behavior and a record is maintained in the Handbook. The parent has to compulsorily make it a point to meet the teacher at this juncture.
4. If the disruptive behaviour returns after sometime, then along with the Supervisors, there is a second referral to the parents and if the need arises the student is sent to the counselor. The line of action / refer to a specialist to help address the pupil’s behaviour. A record of this is maintained in the website.
5. If the disruptive behaviour persists, the Principal may suspend or expel the child depending on the nature and the severity of the behavioural crime

The School & Junior College Management reserves the right to add or amend any of these rules, which will be binding on the parents and students.
