BE PEACEMAKERS

Dear parents and well-wishers,

Greetings from the Management and Staff of Don Bosco High School & Jr. College, Naigaon.

In an extremely competitive world, it is imperative to prepare our students for quality life and train them to face the challenges that lie before them. We do so by providing them ample platforms and opportunities to display their talents and gain knowledge. It must be acknowledged that at the heart of this institution lies a team of dedicated and hardworking staff members, supported by the Management, who are responsible for the ongoing progress and life-long learning. Along with academic excellence students are trained to understand the challenges they face in life, so that they grow in empathy, social responsibility and learn to discern between the good and the bad and grow as persons of great moral and spiritual character. Our goal is to enable every student of this magnificent institution to excel in all fields and be able to think creatively, and solve the challenges of the present and the future.

We are all set and ready to rejoice and celebrate this wonderful season of Christmas. May the high spirits and positive vibes of Christmas bring love, peace, hope and joy in everyone's life.

Merry Christmas to you and your loved ones and may the new year 2023, be one of peace, health, prosperity and happiness for all.

RECTOR'S MESSAGE

My dear students, parents and teachers,

This is one of most endeared months for the entire human race and for us Christians in particular. This is the month we await so eagerly, for it is a month where we celebrate Emmanuel, God with us; the Birth of Jesus - Christ.

As we celebrate Christmas, let us focus on giving and not receiving. Let us focus on the welfare of others and not only on self. Let us see the face of baby Jesus in those whom we meet. Very specially the poor, the weak, the sick and the marginalized. Let all our passions, interests, desires, dreams begin and end in Christ, so that this Christmas really becomes a celebration of love, joy and peace.

I am deeply impressed by the commitment of the staff to the growth of an excellent holistic education at Don Bosco's Naigaon. What impresses me about the school is that our staff members take care of the overall development of each and every student preparing them for life. I wish to thank the staff members and parents for unitedly working to give our students not only roots in academics, values, culture and skills, but also wings to fly in providing freedom and opportunities.

I hope and sincerely pray that the school runs true to the principles of Don Bosco, our Father and Founder, focussing not just on academic excellence, but the education of the head and the heart.

I pray to the Almighty that this school marches ahead achieving great success and will be recognized as one of the most sought-after institution, that teaches its students not just, how to make a living but also how to live life.

May God bless you all and your families. Merry Christmas to all.

PRINCIPAL'S MESSAGE

My dear students, parents and teachers,

We are all preparing to celebrate Christmas, and soon we will realize that yet another year has passed with many events touching our lives in different ways. No doubt, this year has brought joys or sadness in different measures to each person, all colouring the memories of the year 2022. Traditionally, we see Christmas as a time of peace and joy, a time to celebrate with family and friends, exchanging gifts and so on. However, Christmas is not just a time for exchanging our gifts.

The true spirit of Christmas is in 'togetherness', 'forgiveness' and 'resilience'. It's in the thought that we put into thinking about others. It's a time of selflessness, where we forgive, take stock of what's important and become better versions of ourselves.

You benefit immensely when you choose to forgive and so does everyone around you. Whether you need to forgive others, or need to forgive yourself, doing so sets you free from the past and enables you to fulfil your true potential. Togetherness, strengthens family and friendship bonds, thus securing our love, trust and hope in each other. With resilience we shall be able to withstand adversity and bounce back and grow despite life's downturns.

Our school provides excellent facilities and opportunities for the students to develop an overall personality. Many students have excelled in co- curricular and extra- curricular activities and this can be seen in the success of various events that were conducted in the school in the past months. However, its time now to focus on curricular activities which are very important. Board exams are soon approaching for the students of Std X and XII and I urge each one of you my dear students to devote your time and effort towards preparing for your exams. I am sure, both our staff and students will always strive hard to uphold the dignity of our school and promote a society based on love, freedom, liberty, justice, equality and fraternity.

Challenges in life are inevitable: being defeated is optional. I hope that you live your life—each precious day of it—with joy and meaning. I hope that you walk without pain, without sorrow and without hurt. I hope that this Christmas brings love, joy, peace and hope for all.

May God bless each one of you. Wishing everyone a blessed and Merry Christmas.

VICE-PRINCIPAL'S MESSAGE

Be Heralds of Peace

Dear teachers, students and parents,

Once more we celebrate the nativity of Jesus Christ. Together we rejoice to hear the proclamation of the angel: "Today in the town of David, Bethlehem in Judea, a saviour has been born to you."

Our world is threatened by darkness. As a community, we recognise that the balance of our environment is being lost; the stability at the international borders is undermined by warfare; the well being of our brothers and sisters is being jeopardised by injustice, malicious intent and selfish indulgence.

We are all facing the challenges of economic hardships after Covid 19. We can all ask the question: Where is the light to be found? Once there rose a star in the east which guided the wise towards the source of Light.

Gratitude is an interior attitude which we must inculcate. We ought to be grateful to God for the wonders of His creation and for giving us life. "Without a constant exercise of gratitude, we would end up simply cataloguing our failures and lose sight of what counts most: the graces that the Lord grants us each day." said Pope Francis. Make a difference to those in need. We do not have to look far to find those in need. It is in the news daily. It is there outside our own door. Our children from the school visited the Old age home run by the Sisters at Naigaon, the joy on the faces of children was immense to see them interacting with the seniors and singing Christmas Carols and ushering the spirit of Joy, Peace and Love. A child from our school asked me, "Why do Seniors have to stay at an old aged home? When children are young, the parents nurture and care for them and when they become old they are displaced from their homes." I answered, "The Lord takes care through the kindness of good caregivers." One of the senior female inmate, aged 95 residing at the home said, "God loves me and I am blessed by the caregivers"

Love and Care cannot be brought by money; it is a personal response of each one of us. Perhaps we all might find some way or sometime in the coming days and weeks to make a difference to the lives of those in need. That would be the best present of all which we can give for Christmas. Christmas calls us back to what is important. It makes grateful for the good things we enjoy. It makes us aware of the less fortunate, and it moves us to help.

Our response this Christmas must be one of respect for all human life, for we have been made in God's image and likeness, I pray this Christmas we may be loving witnesses of God's love to others who are vulnerable and isolated in life, I wish you that joy and peace that come from the great gift of knowing God's love is always present, for he is Emmanuel, God-with-us.

As heralds of peace, let us embrace one and all. "Glory to God in the highest heaven and peace to all people who enjoy his favour"

I wish you a blessed, joyous and peaceful Christmas and a Happy New Year 2023.

WAR CAUSES ONLY DESTRUCTION

War is an evil which destroys humanity. It creates unemployment and instability, fear, anxiety, poverty and thereby snatches away our peace. When there is war we only see suffering. It takes a long time to overcome the losses caused by war. War can never be a solution to a problem, so I wonder why are nations at war? We need to cultivate a strong love for peace and brotherhood. Peace must begin first in our very own homes and in our neighbourhood. When we cultivate the habit of being loving, kind, generous and respectful to others, irrespective of caste, creed or religion, we will surely become instruments of 'PEACE'. We can thus spread peace through our good deeds. Peace brings joy, progress and harmony. A home, a neighbourhood, a community and a nation that is peaceful can never be destroyed.

Peace brings Joy, Prosperity, Harmony and Happiness. War can only bring destruction. Let us all live in peace and make this planet a better place.

TRUTH IS TRIUMPHS

For centuries, there has been a conflict between what is right and what is wrong. Today's society places a high value for truth and the person who speaks the truth. Truth serves as a foundation of a fair and just society.

Truthful people understand themselves better. They know their strengths and weaknesses. Truth matters, and it is important to both - to an individual and to the society as a whole. As an individual being truthful means that one can grow and mature by learning from their mistakes. For society, truthfulness helps in building social bonds.

It is very important to stand for the truth, irrespective of what the situation is. When we know the truth, we shouldn't be afraid to speak it. We sometimes shield a lie or an accusation for our own personal benefits. This is absolutely wrong! Our thoughts should agree with our words, and our words should agree with our actions. Though we can't undo anything we have already done in life, we can face it. We can tell the truth and seek forgiveness. God loves a sincere and truthful person. A person who loses his integrity, loses his identity. Hence, being truthful should be our priority, as 'Truth will make you Triumph'
